

## Folding up your Road Charms Screenshade

---

**It's really not hard to store your sunshade after use!**

**Just follow the steps shown below. You may have to try this a few times to get good at it, but you'll be folding your shade in seconds in no time!**

### **Step 1:**

**Fold the shade in two, such that both circle inserts overlap. Hold the folded Screenshade with both hands at opposite ends of the circle inserts.**

**Step 2:**

**Gently twist both hands in opposite directions. Twist your left hand/wrist clockwise, while twisting counter-clockwise with your right hand/wrist.**

**Keep twisting until the sunshade collapses onto itself and push the folded metal circle inserts together.**

**Step 3:**

**Hold the parts together while you wrap the elastic band attached to the sunscreen around the bundle.**

**You can now put the folded Screenshade in its pouch. The easiest way to do this is by wrapping one side of the pouch partly over the folded shade. Then hold it in place with one hand while sliding the pouch over the bundle with your other hand.**
